Dear Community Partner,

The Arbor View Elementary School Parent-Teacher Council (PTC), a 501(c)(3) not-for-profit organization, cordially invites you to participate in our community-based effort to build a new, all-inclusive playground to benefit our students and the families in our surrounding community.

Arbor View Elementary School is home to 356 students, from Pre-K through 5th grade, and is situated in the Valley View subdivision of unincorporated Glen Ellyn. Our school playground is the sole playground for both our students and the surrounding community.

Our deteriorating playground is in need of replacement. Exposed and rusted metal, cracked plastic, repaired welds, and an eroded play surface do not meet current safety standards or ADA requirements.

Our vision is to build a barrier free playground where every child may have access to and experience the joy of outdoor play. Our new playground design (following page) contains ramps for children with mobility issues, sensory pods for children on the autism spectrum, a revolution inclusive spinner, and a surface accessible for wheelchairs.

Currently, 65 of our students (18% of our student population) have varying degrees of physical limitations, sensory issues, and cognitive disorders that prohibit them from joining their friends on the playground. Our new playground will be accessible to all!

At this point in time, we have raised \$99,000 (70%) of the total anticipated project cost of \$142,000. We must now secure additional funds and community support to make this playground a reality.

We are excited to present to you our ***Let's Swing It! Sponsorship Campaign***. With your sponsorship of a piece of playground equipment, we can work towards our goal of providing ***all*** children in the community with the physical, emotional, social, and cognitive benefits that outdoor free play enables.

100% of your tax-deductible sponsorship dollars will be used to directly fund the purchase of a specific piece of playground equipment. *Please note that equipment sponsorship is on a first come, first serve basis.*

Recognition of your very generous contribution will be displayed on our permanent Sponsorship Plaque for the life of the playground. The expected lifespan of the playground is 15 - 20 years. Please join us in building a better community by carefully considering the various sponsorship opportunities available and completing a sponsorship form.

Let's Swing It! For the Kids!

Sincerely,

Rita Anderson and Karen Daniels

Co-Chairs, ***Let's Swing It! Sponsorship Campaign***
