

ARBOR VIEW STUDENT/FAMILY/TEACHER DIRECTORY - DIRECTORYSPOT

Arbor View PTC is excited to announce that DirectorySpot has been updated with the 2018-19 students/families and teachers. You can login in to www.directoryspot.com – if you are new to DirectorySpot, you will need to create an account for access. This year we are giving all Arbor View School Parents access to the DirectorySpot app - it is accessible from an iPhone, Android or on the web and will be updated with the latest information! The app uses iPhone and Android technology, so you can call, text, or email other parents or teachers with one click, right from the app. The Arbor View activities calendar can also be accessed through the app. Below are some screenshots from the new app.

The app will contain the same information that is accessible via the DirectorySpot website - parent names, home phone, home address, parent email addresses and student names, grade levels and teachers. The app is very secure and only parents and staff of Arbor View will be granted access. User will logon with their authorized email address and will set their password. If you would like more information on the security features, please click on this link: <https://www.directoryspot.net/security.php>.

If you would like to “opt out” of the app and NOT have your family information included, please just send an email to julielerch13@gmail.com by September 20, 2018. The data and users in the app can be updated at *anytime* throughout the year, so you can always opt out or opt back in later.

If you find that information is missing, please email julielerch13@gmail.com by September 20, 2018 with what you would like added. Parents/guardians provided the data that is included on DirectorySpot during the school registration process.

New users or past users who have updated/changed their email address should have received an email with instructions on how to download DirectorySpot and set your password.

Arbor View PTC hopes you will love this new Directory “On the Go.” If you have any questions, please contact Julie Lerch at julielerch13@gmail.com.
